

Valor MADRONA CAST IRON STOVE

The Valor Madrona combines the look and feel of a wood-burning stove with the latest in gas burning technology.

A large arched viewing area gracefully frames a natural-looking, captivating fire that evokes an open fireplace feel. You are sure to forget that the Madrona is using sealed combustion, direct vent technology for the best in efficiency and safety.

In addition to the clean lines and cast iron craftsmanship you will appreciate the convenience, energy savings and impressive radiant heating power of this freestanding stove.

Our new E-Pilot ignition system and fully automatic control make the Madrona the most advanced freestanding gas stove on the market today.

Distinct, reliable and efficient - the Madrona is sure to enhance and warm your living space.

MADRONA FEATURES

- New remote pilot ignition
- ValorStat Plus handheld remote included
- Programmable control - modulating fire can adjust flame level for steady, even heat
- Efficient turndown to 6,500 BTU's
- Large fire box viewing window
- Realistic log set design
- No visible control box
- No power, no problem - fully functional heater that doesn't need electricity or a fan
- Optional Wall Switch Kit - light pilot, shut off pilot and adjust flame level with the touch of a switch
- Optional clip-on safety screen
- Top or rear vent convertible

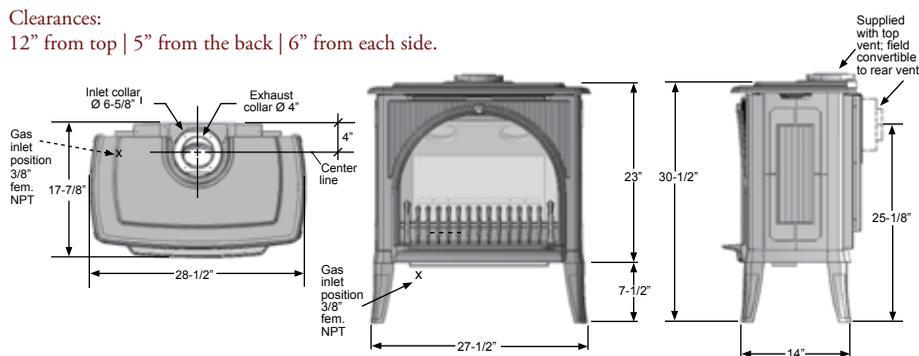

ABOUT OUR EFFICIENCY RATINGS

At Valor we use recognized Canadian and US government test methods for determining energy efficiency performance. This ensures our products will perform in your home as rated. Beware of misleading "steady state" efficiency claims made by manufacturers using their own "in-house" test methods. For more information visit our website at valorfireplaces.com.

MADRONA SPEC INFORMATION

Clearances:

12" from top | 5" from the back | 6" from each side.

MODEL/FUEL

Model	Fuel	Max. Input BTU/hr	Min. Input BTU/hr	EnerGuide Rating**	A.F.U.E. ++	Max. Output (w/out fan) BTU/hr
MF28ILN	NG	28,000	6,500	68.5%	71.3%	20,620
MF28ILP	LPG	28,000	14,500	69.5%	73.5%	21,185

** EnerGuide Ratings and Outputs have been determined without a fan/blower, using the CSA P.4.1-02 test method

** A.F.U.E. (Annual Fuel Use Efficiency) tested as per 10CFR - 430.23 Certified to ANSI Z21.88 / CSA 2.33 Vented Gas Fireplace Heater Standard CAN 1-2. 17 Gas Fired Appliances For Use at High Altitude

ACCESSORIES

MA28INK	Natural Gas Conversion Kit
MA28IPK	Propane Conversion Kit
MFDKSG	Optional Clip-on Safety Screen
555CFK	Optional Circulation Fan Kit (variable speed/thermally activated)
556CLA	Co-linear Adaptor Kit (converts co-axial flue to flex pipes for venting)
1265WSK	Optional Wall Switch Kit (light/turn off pilot and adjust flame level)

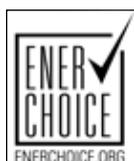

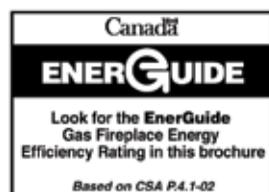

VALORSTAT PLUS PROGRAMMABLE REMOTE CONTROL HANDSET

The **ValorStat Plus** allows you to select, adjust and program the desired temperature that you want.

The built-in timer turns your fireplace **ON** to warm your home before you wake up and can be programmed to turn **OFF** after you go to bed.

As well, the **ValorStat Plus** has the ability to turn your **pilot light ON and OFF** directly from the remote control handset.
